The general appearance of our B.C. should reflect the overall quality of our neighborhoods.
The availability of convenient and safe parking is an important factor in my decision of where to shop and dine.
The B.C. should have a pedestrian feel that is safe, well-illuminated, and offers a warm and welcoming atmosphere.
Offering high-end housing opportunities for residents who wish to downsize and remain in the Village would be welcomed.
The current mix of retail, dining, and services in the business corridor is “just right” and change is not needed.
I believe that the Village should encourage more businesses to locate in the business corridor.
The Village should encourage the following types of businesses to locate in town.
